

# Two of Five People with Jobs Affected by the Coronavirus Pandemic Also Are Experiencing Health Insurance Insecurity

Have you lost, or are you worried about losing, your health insurance as a result of the coronavirus epidemic?

*Adults ages 18–64 who lost their job or had hours or pay cut because of the coronavirus*

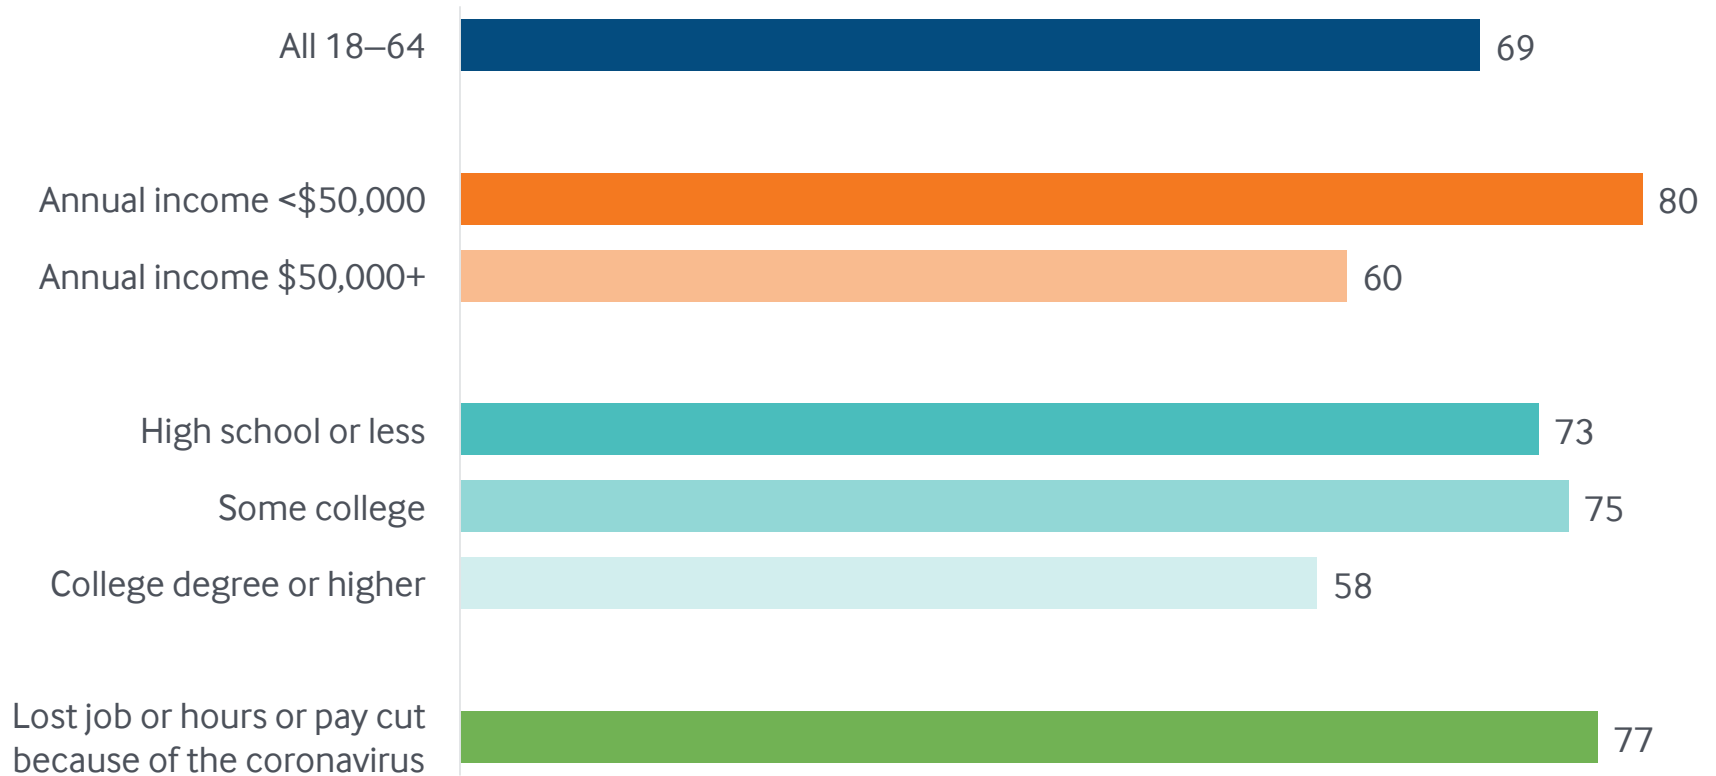

Data: SSRS/Commonwealth Fund Coronavirus Poll, April 2020.

# Cost Is an Important Factor in Decisions to Seek Coronavirus-Related Care

How important would the potential out-of-pocket costs be in your decision to seek care if you experienced any symptoms of the coronavirus?

*Percent of adults ages 18–64 who said cost would be very or somewhat important in their decision*

Note: "Some college" includes adults who reported they attended college but did not graduate, or they earned a two-year associate degree.

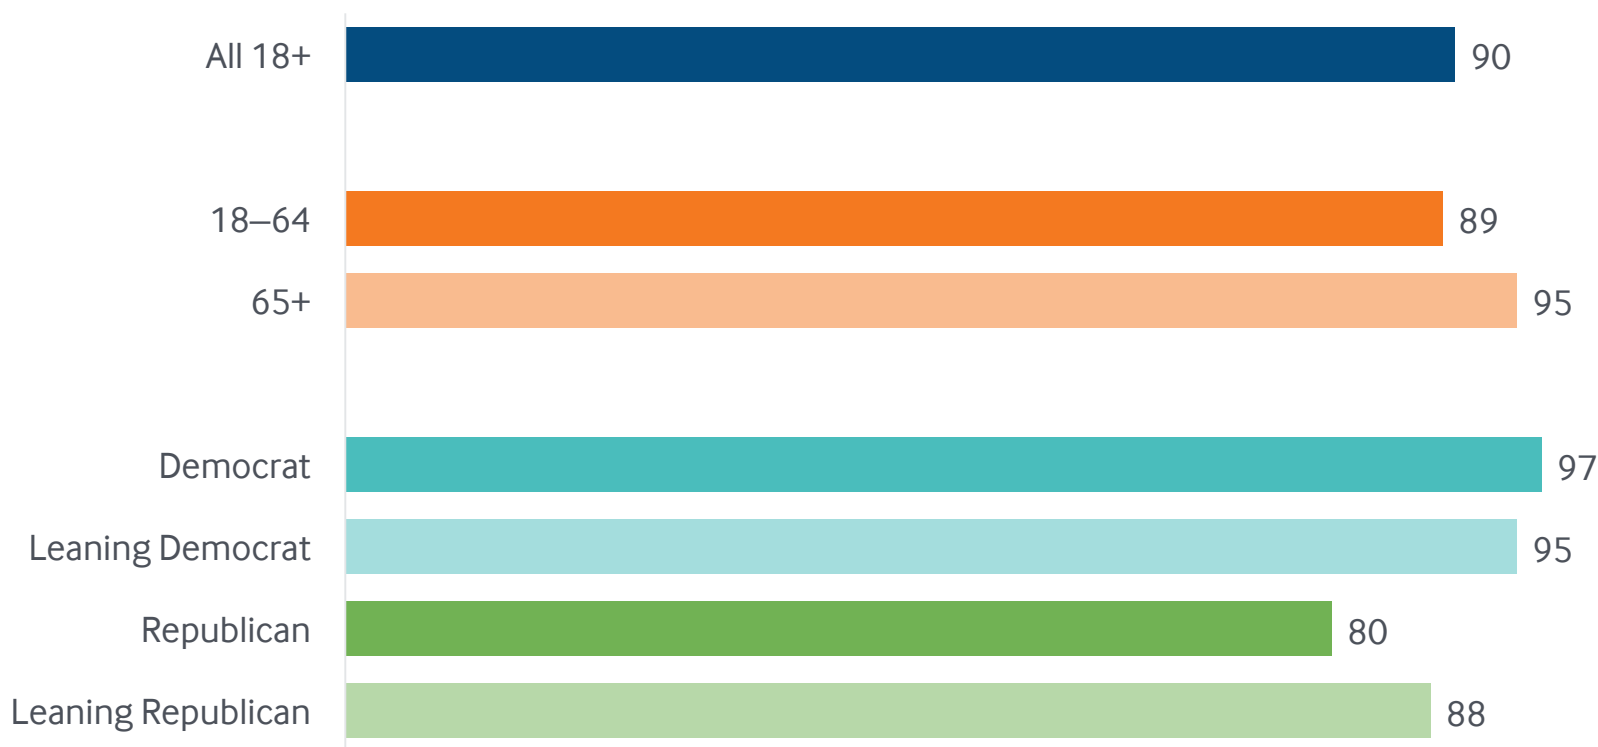

Data: SSRS/Commonwealth Fund Coronavirus Poll, April 2020.

# Most People Believe Coronavirus-Related Testing and Treatment Should Be Free to All Americans

Do you think testing and treatment for the coronavirus should be available to all Americans free of charge, including for people who are uninsured?

*Percent of adults age 18+ who responded "yes"*

Note: Adults who reported they considered themselves an "Independent," "Other," or reported "Don't know/refused" were then asked if they lean more toward the Democratic or Republican Party.

Data: SSRS/Commonwealth Fund Coronavirus Poll, April 2020.
