Adults ages 19–64 who were uninsured before gaining their Medicaid or marketplace coverage

* Includes those who reported never having had insurance.
Exhibit 5. Sixty-Two Percent of Adults with Marketplace or Medicaid Coverage Who Had Used Their Plan Said They Would Not Have Been Able to Access or Afford This Care Before

Over the time that you have had your health coverage through the marketplace or Medicaid, have you used this coverage to visit a doctor, hospital, or other health care provider, or to pay for prescription drugs?

- No: 31%
- Yes: 68%

Prior to getting this coverage, would you have been able to access and/or afford this care?

- No: 62%
- Yes: 37%
- Don't know or refused: 2%

Note: Segments may not sum to 100 percent because of rounding.

Exhibit 6. More Than Three-Quarters of Adults with Medicaid or Marketplace Coverage Who Tried to Find a New Primary Care Doctor Found It Very or Somewhat Easy

Over the time you have had your health coverage through the marketplace or Medicaid, have you tried to find a new primary care doctor or general doctor?

- No: 78%
- Yes: 21%
- Don’t know or refused: 1%

How easy or difficult was it for you to find a new primary care doctor or general doctor?

- Very easy: 47%
- Somewhat easy: 30%
- Somewhat difficult: 9%
- Very difficult: 7%
- Don’t know or refused: 1%

Adults ages 19–64 who are currently enrolled in marketplace coverage or have had Medicaid for less than two years

Adults ages 19–64 who have tried to find new primary care or general doctor

Note: Segments may not sum to 100 percent because of rounding.
Exhibit 7. Sixty Percent of Those Who Found a Primary Care Doctor Got an Appointment Within Two Weeks

How long did you have to wait to get your first appointment to see this doctor?

<table>
<thead>
<tr>
<th>Percent</th>
<th>Within 1 week</th>
<th>8 to 14 days</th>

Adults ages 19–64 who are currently enrolled in marketplace coverage or have had Medicaid for less than two years and tried to find a primary care doctor or general doctor since getting new coverage*

* Does not include those who were not able to find a doctor.
Exhibit 8. Fifty-Three Percent of Adults with Marketplace or Medicaid Coverage Who Needed a Specialist Got an Appointment Within Two Weeks

Over the time you have had your health coverage through the marketplace or Medicaid, have you seen or needed to see any specialist doctors?

- No: 68%
- Yes: 32%

How long did you have to wait to get your first appointment to see this specialist?

- Within 1 week: 38%
- 8 to 14 days: 15%
- 15 to 30 days: 19%
- More than 30 days: 21%
- Don’t know or refused: 3%
- Have not tried to make appointment: 1%
- Still waiting: 4%

Adults ages 19–64 who are currently enrolled in marketplace coverage or have had Medicaid for less than two years

Adults ages 19–64 who needed to see specialist

Note: Segments may not sum to 100 percent because of rounding.
Exhibit 9. Most Adults with Marketplace or Medicaid Coverage Who Have Used Their Plans Were Satisfied with the Doctors Covered

Since you switched/gained your insurance, how satisfied are you with the doctors covered by your new insurance?

Adults ages 19–64 who are currently enrolled in marketplace coverage or have had Medicaid for less than two years

* Respondent said health status was fair or poor or said they had at least one of the following chronic diseases: hypertension or high blood pressure; heart disease; diabetes; asthma, emphysema, or lung disease; high cholesterol; depression or anxiety.

Exhibit 12. Uninsured Rates Among Low-Income Adults in States That Have Not Expanded Medicaid Are More Than Twice That of Those in Medicaid Expansion States

Percent adults ages 19–64 with incomes below 100 percent of poverty who were uninsured

Note: The following states expanded their Medicaid program and began enrolling individuals in March 2015 or earlier: AR, AZ, CA, CO, CT, DE, HI, IA, IN, IL, KY, MA, MD, MI, MN, ND, NH, NJ, NM, NV, NY, OH, OR, PA, RI, VT, WA, WV, and the District of Columbia. All other states were considered to have not expanded.

Exhibit 13. Many Uninsured Adults Continue to Lack Awareness of the Marketplaces, Financial Assistance, and Medicaid Expansion

Notes: FPL refers to federal poverty level. Question wording was slightly different between the three surveys. Respondents were not asked about Medicaid expansion awareness in 2013.

Exhibit 14. Reasons Cited by Uninsured Adults for Not Visiting the Marketplace

You said that you have not visited the marketplace to shop for health insurance. What are the reasons you did not visit the marketplace? Is it because…?

Uninsured adults ages 19–64 who are aware of the marketplaces but did not visit to shop for coverage

- Did not think you could afford health insurance: 60%
- Did not think you would be eligible for health insurance: 39%
- Have been too busy: 37%
- Did not think you need health insurance: 28%
- Went someplace else to look for coverage: 12%
- Some other reason: 23%

Note: Respondents could report more than one reason for not visiting the marketplace.
