

# Exhibit 1. Adults with Marketplace Coverage with Incomes Under 250 Percent of Poverty Paid Monthly Premiums Comparable to Those with Employer Coverage

Note: FPL refers to federal poverty level. 250% of the poverty level is \$29,175 for an individual or \$59,625 for a family of four.

Bars may not sum to subtotals or to 100 percent because of rounding.

“All adults” includes adults who do not report their income and may therefore not be the average of adults below and above 250% FPL.

# Exhibit 2. Adults with Employer Coverage Are More Likely Than Those with Marketplace Plans to Say It Is Easy to Afford Premiums

How easy or difficult is it for you to afford the premium costs for your health insurance?

Very difficult
  Somewhat difficult
  Somewhat easy
  Very easy

## All adults

## Adults with incomes <250% FPL

## Adults with incomes 250%+ FPL

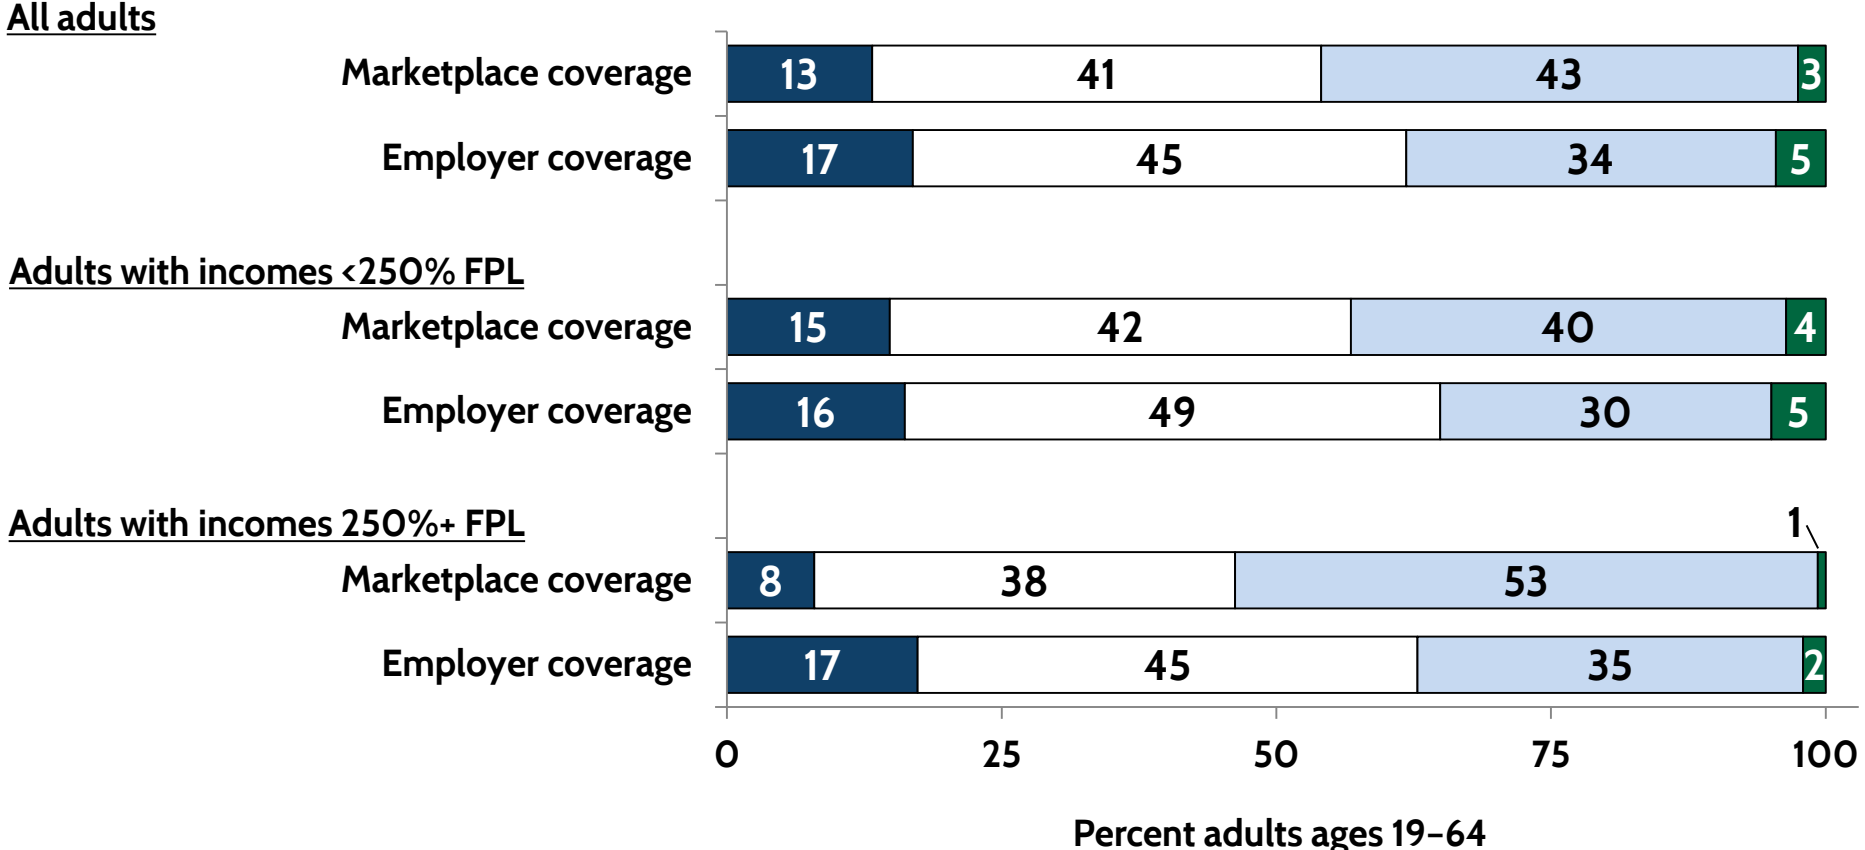

Percent adults ages 19–64 who pay all or some of premium and are aware of their premium amount

Note: FPL refers to federal poverty level. 250% of the poverty level is \$29,175 for an individual or \$59,625 for a family of four. Bars may not sum to 100 percent because of “don’t know” responses or refusal to respond; segments may not sum to subtotals because of rounding. “All adults” includes adults who do not report their income and may therefore not be the average of adults below and above 250% FPL. Source: The Commonwealth Fund Affordable Care Act Tracking Survey, March–May 2015.

# Exhibit 3. Larger Shares of Adults with Marketplace Coverage Have Plans with High Deductibles Compared to Those with Employer Plans

■ No deductible   
 □ Less than \$1,000   
 ■ \$1,000 or more   
 ■ Don't know deductible amount or refused

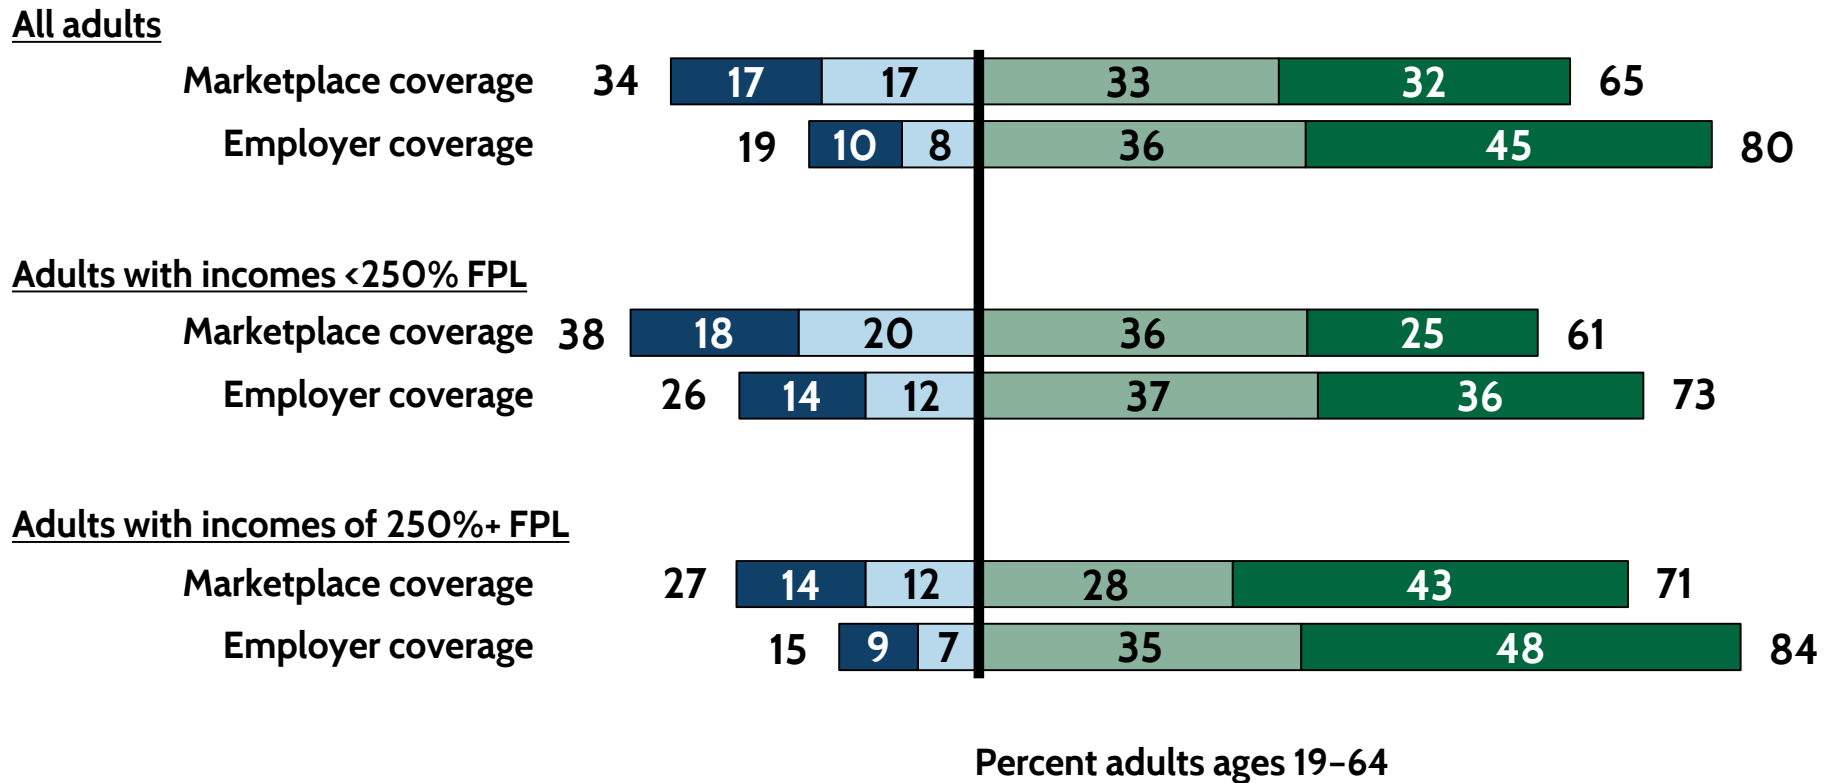

Note: FPL refers to federal poverty level. 250% of the poverty level is \$29,175 for an individual or \$59,625 for a family of four.  
 Bars may not sum to 100 percent because of rounding; all deductibles are per-person deductibles.  
 "All adults" includes adults who do not report their income and may therefore not be the average of adults below and above 250% FPL.  
 Source: The Commonwealth Fund Affordable Care Act Tracking Survey, March–May 2015.

# Exhibit 4. Majority of Adults with Marketplace Coverage Were Confident They Could Afford Needed Care

How confident are you that if you become seriously ill you will be able to afford the health care that you need?

■ Not at all confident   
 ■ Not very confident   
 ■ Somewhat confident   
 ■ Very confident

Note: FPL refers to federal poverty level. 250% of the poverty level is \$29,175 for an individual or \$59,625 for a family of four. Bars may not sum to 100 percent because of “don’t know” responses or refusal to respond; segments may not sum to subtotals because of rounding. “All adults” includes adults who do not report their income and may therefore not be the average of adults below and above 250% FPL. Source: The Commonwealth Fund Affordable Care Act Tracking Survey, March–May 2015.

# Exhibit 5. Adults in Marketplace Plans with Health Problems Were Less Confident in Their Ability to Afford Health Care

How confident are you that if you become seriously ill you will be able to afford the care you need?

Notes: \* Respondent reported having at least one of the following chronic conditions: hypertension or high blood pressure; heart disease; diabetes; asthma, emphysema or lung disease; high cholesterol; or depression or anxiety. All deductibles are per-person deductibles.

Source: The Commonwealth Fund Affordable Care Act Tracking Survey, March–May 2015.

# Exhibit 6. Adults with High-Deductible Health Plans with Incomes Under 250 Percent of Poverty Are Least Confident They Can Afford Care

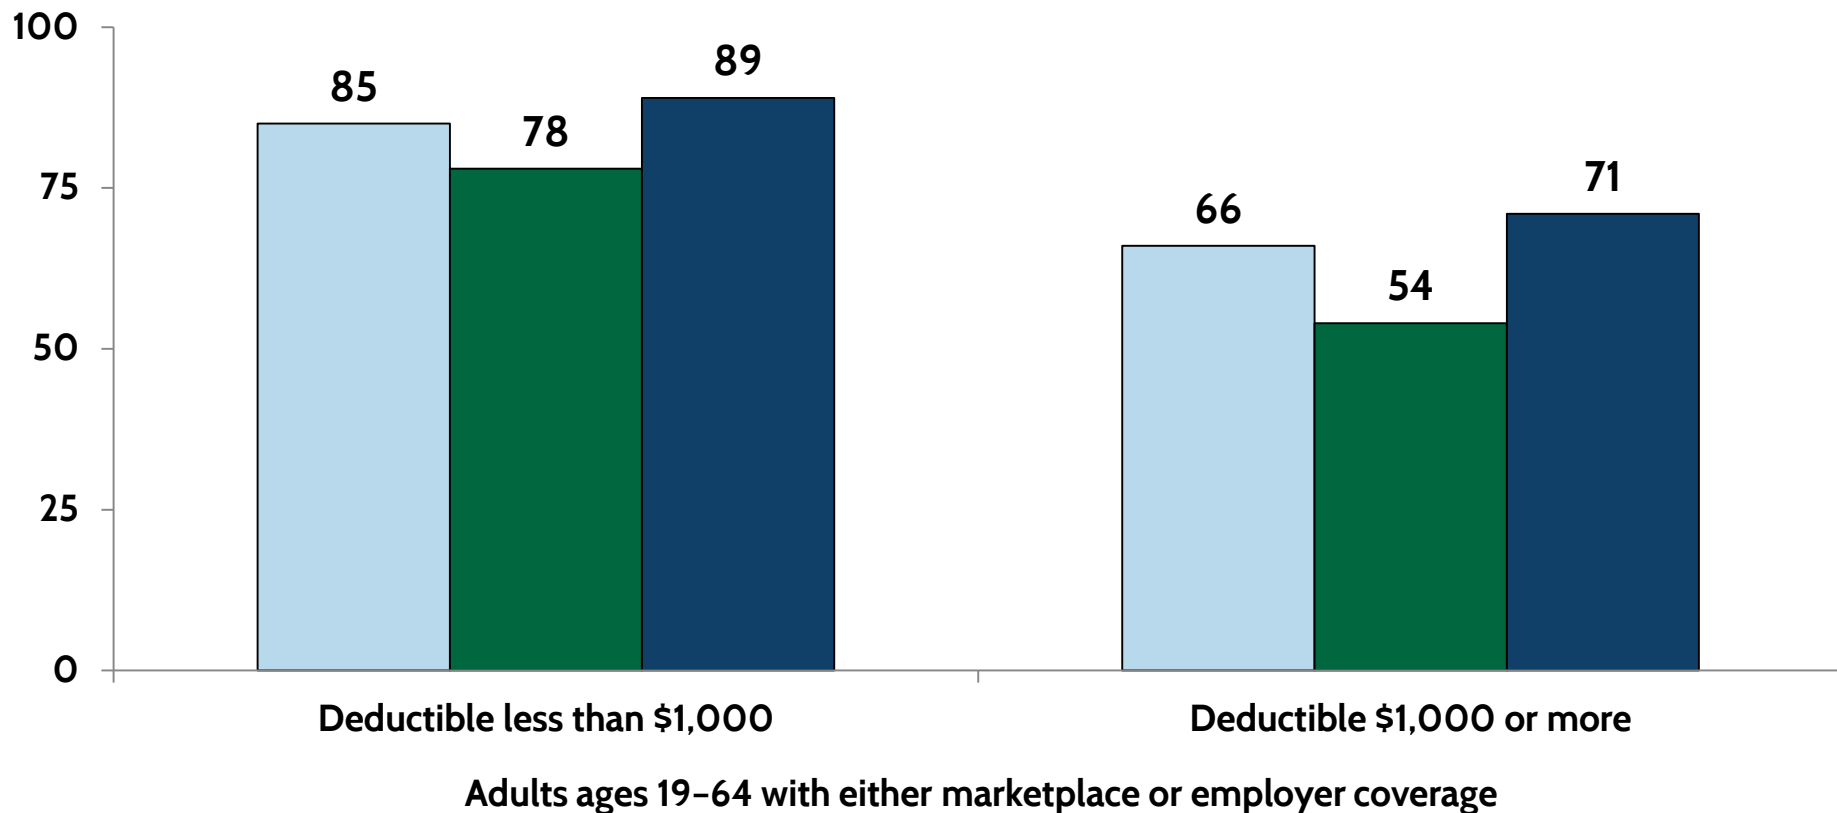

How confident are you that if you become seriously ill you will be able to afford the care you need?

Percent “very” or “somewhat” confident

■ Total

■ <250% FPL

■ 250%+ FPL

Note: All deductibles are per-person deductibles.

Source: The Commonwealth Fund Affordable Care Act Tracking Survey, March–May 2015.

# Exhibit 7. Seven of 10 Adults with Marketplace Plans Rate Their Coverage as Excellent, Very Good, or Good

Now thinking about (your current health insurance coverage/  
all the health insurance you have combined), how would you rate it?

■ Poor    ■ Fair    ■ Good    ■ Very good    ■ Excellent

Note: FPL refers to federal poverty level. 250% of the poverty level is \$29,175 for an individual or \$59,625 for a family of four. Bars may not sum to 100 percent because of “don’t know” responses or refusal to respond; segments may not sum to subtotals because of rounding. “All adults” includes adults who do not report their income and may therefore not be the average of adults below and above 250% FPL.
