Hello, I'm __________________________ from Louis Harris and Associates, the national survey research firm in New York. We are conducting an important survey of New York City residents about their experiences and access to health care in order to help improve the health care system. I'd like to speak to the youngest (male/female) adult in this household 18 or over who is at home now. (IF NECESSARY: We are doing this survey for The Commonwealth Fund, a foundation dedicated to improving health and the quality of life in New York and in the nation. The survey asks about your experiences with doctors, hospitals, and health insurance, and your views and concerns.) BE SURE TO GET YOUNGEST ADULT AVAILABLE
